Dear Sir:

RESPONSE TO OFFICE ACTION MAILED APRIL 26, 2005

This is responsive to the final Office Action dated April 26, 2005, for which a shortened statutory period for reply expired on July 26, 2005, and is filed together with a Request for Continued Examination ("RCE"). Applicants hereby petition for an Extension of Time with the appropriate fee for extending the time for reply to October 26, 2005. Accordingly, the present Amendment/RCE is believed to have been timely filed. Favorable consideration is respectfully requested in view of the following amendments and remarks.

Claims 1-20 are currently pending in the present Patent Application. The Examiner has rejected claims 1-20 under the judicially created doctrine of obviousness-type double patenting.

In response, Applicants have submitted a terminal disclaimer to overcome the rejection under the judicially created doctrine of obviousness-type double patenting. Applicants have also amended the specification and claims 1, 8, 13, and 16, to improve grammar, clarity, and/or claim form. Please reconsider the above-identified Patent Application in view of the Amendments and Remarks contained below. Applicants believe that no new matter has been added by these Amendments.
